WORK EXPERIENCE

Instructional Designer II

Texas State Technical College

📅 Sep 2023 - current

- Lead end to end design and development of digital learning experiences for technical programs, partnering with subject matter experts to translate complex content into structured, scaffolded, learner centered training.
- Led the development of 30+ course projects by aligning instructional materials with specific program outcomes and learner needs, ensuring compliance with industry standards.
- Utilized ADDIE and agile learning development methodologies to create and evaluate a comprehensive eLearning module, resulting in improved learner engagement and performance metrics.
- Designed and refined 100+ accessible learning assets using adult learning principles and cognitive load theory, implementing accessibility best practices to enhance clarity and usability for diverse learner populations.
- Implemented AI-assisted workflows and Articulate 360 to reduce eLearning development time by 20%, while ensuring high standards of quality and consistency.
- Led professional development sessions for 60+ faculty members focused on instructional design practices, content structure, and tools such as Storyline, Rise, Canva, and AI-enabled tools.
- Managed 5 concurrent initiatives in collaboration with cross-functional teams, ensuring accurate content delivery on time and meeting stakeholder expectations using Articulate 360 and Adobe Creative Cloud.
- Conducted regular reviews of eLearning materials using stakeholder feedback, revision cycles, and quality checks to identify gaps, support continuous improvement, and enhance the learner experience.

Instructional Designer and eLearning Developer, Math

Christ Academy

📅 Aug 2016 - Oct 2023

- Designed, developed, and maintained 4 asynchronous web based courses that supported academic and training needs for 200+ learners across multiple learning environments.

PROFESSIONAL SUMMARY

Instructional Designer and eLearning Developer with 10+ years of experience creating adult learning solutions and digital learning experiences for complex subject matter and diverse learner populations. Skilled in end to end learning design, learning strategy, stakeholder collaboration, and workflow aligned learning that supports performance, usability, and measurable learning outcomes. Experienced in learning design methodologies including ADDIE and agile learning development, accessibility best practices, AI assisted workflows, modern learning authoring tools, and data informed iteration to improve learning effectiveness, measurement, and continuous improvement across projects developed with cross functional teams. Known for initiative ownership, translating technical content into clear and engaging learning experiences, and identifying innovative ways to improve performance support and learner adoption through defining learning success metrics.

EDUCATION

Master of Education

Curriculum and Design in Educational Technology

Southeastern Oklahoma State University

📅 May 2022 - May 2023

- 4.0

- Built engaging eLearning experiences using Storyline 360, Rise 360, Vyond, PowerPoint, Excel, and embedded web content to improve learner access, engagement, and instructional clarity.
- Managed learning delivery and learner progress across Schoology and Pearson Connexus, using performance and engagement data to monitor outcomes and inform instructional adjustments.
- Led cross functional collaboration with a 6 member team to deliver 4 digital learning products on schedule, guiding project execution across analysis, design, development, implementation, and evaluation.
- Translated complex math content into accessible, structured instruction for a wide range of learners, strengthening comprehension and supporting independent online learning.
- Supported ongoing course improvement by reviewing learner performance, identifying content gaps, and refining instructional materials for greater usability and effectiveness.

Center Director

Mathnasium of Wichita Falls

📅 May 2015 - Aug 2016

- Directed daily operations for a high volume education center, managing staffing, budgeting, scheduling, and service delivery to support business performance and learner satisfaction.
- Built relationships with community organizations and internal stakeholders that contributed to a 20% increase in patron engagement.
- Monitored operational and financial metrics for a \$300,000 annual budget, identifying key areas for cost reduction and enhancing resource allocation, which supported strategic decisions and contributed to a 15% growth in departmental efficiency.
- Scheduled and optimized staffing for 20+ employees using traffic and demand patterns to improve coverage and daily operations.

Director of Training

Mathnasium of The Glen, Glenview

📅 Aug 2013 - Apr 2015

- Led onboarding and training initiatives for 50+ employees, coordinating orientation, job training, and performance support using Google Workspace and standardized training materials.
- Evaluated training effectiveness using Salesforce analytics and other performance indicators, producing data informed recommendations that improved productivity by 25%.
- Increased employee retention by 20% and productivity by 15% through more effective onboarding, training coordination, and skills development practices.
- Reviewed and updated 10+ training manuals and visual aids, enhancing clarity and ensuring policy compliance across teams.
- Developed surveys and feedback tools to identify skill gaps, assess training needs, and support process changes with targeted learning interventions.

Bachelor of Science
Mathematics/Physics

Midwestern State University

📅 Aug 2008 - May 2013

- 3.73

SKILLS

- Innovation
- Instructional Design
- Adult Learning
- eLearning Development
- Curriculum Development
- Training Facilitation
- Accessibility Standards
- Learning Evaluation
- Stakeholder Collaboration
- Project Management
- Content Strategy
- AI-Enabled Technologies
- ADDIE
- Agile Learning Development
- Continuous Improvement Mindset
- Data-Informed Mindset
- Prompt Engineering
- Web Development
- Java, HTML, CSS, Python
- Data Analysis

TOOLS

- Articulate 360 (Storyline and Rise)
- Vyond
- Canva
- Adobe Creative Cloud
- Microsoft Office
- Google Workspace
- Git
- Canvas
- ChatGPT
- Claude
- Google Gemini
- Visual Studio Code
